EcoMod™ Series Modular LED Floodlight

The EcoMod™ LED Floodlight is an eco-friendly, instant-on, surface-mounted fixture designed to provide general area illumination. LED technology is extremely energy efficient and very low maintenance providing numerous added benefits and significant cost savings. The EcoMod™ Series is best suited for applications that require more light or have higher mounting heights and for equipment in marine and port environments.

Specifications

Construction	Marine-grade extruded aluminum frame and LED modules Adjustable passivated stainless steel mounting harp Anodized finish EcoVent™ Technology allows heat, water, and debris to flow through fixture
Hardware	Marine-grade (316) stainless steel Screws sealed with adhesive threadlocker
Light Source	Philips Luxeon M light emitting diodes (LED) 150W - 12,500 lumens 300W - 25,000 lumens CRI >70 CCT - 5000K 50,000 hour rated life of LEDs
LED Module	UV and impact-resistant polycarbonate lens Replaceable lens
Driver	120-277V, 50-60Hz; 200-480V, 50-60Hz Fully potted Overload, over-voltage, over-temperature, and short-circuit protection Remote mounting option Replaceable
Power Factor	> .98 (at 115V)
Surge Suppressor/ Power Line Filter	20kV (20kA) Dissipates 540 joules at 277V Dissipates 765 joules at 480V
Wiring	Stranded wires Thru-wiring option International cord option (INTL)
Ambient Operating Temperature	-40°C to +50°C Designed for use in areas allowing air flow
Mounting	360° harp rotation Indexed aiming and lockable at 10° increments Customized bolt pattern option
Weight	Fixture: 150W - 22.9 lb (10.4 kg) 300W - 40.0 lb (18.1 kg)
Compliances (Pending)	ETL/cETL Certified to: UL 1598 Ordinary Wet Locations UL 1598A Marine Outside Type (Saltwater) CSA C22.2 No.250.0 CE ABS DLC IP66 Rated
Warranty	5yr Limited Warranty

Ordering Information					Example: EM-300-MF-120-277
Series	Wattage	Optics	Voltage	Options	
EM	150 300	WF FL MF WS SP NS VS	120-277 347-480	INTL ²	

Wattage		Optics		Voltage		Options	
150	150W (4 Modules)	WF	Wide Flood	120-277	120-277V, 50-60Hz	INTL ²	International Cord
300	300W (8 Modules)	FL	Flood	347-480	347-480V, 50-60Hz		
		MF	Medium Flood				
		WS	Wide Spot				
		SP	Spot				
		NS	Narrow Spot				
		VS	Very Narrow Spot				

Notes:
² - International cord standard on 120-240CE models.

Accessories (Order Separately)	
	<p>SFCB - Safety Cable (Recommended for port, mining, and other rough service applications)</p>

The cover photograph was taken at a port terminal in Malaysia. The EcoMod Series is shown on a Rubber Tire Gantry (RTG) crane.
