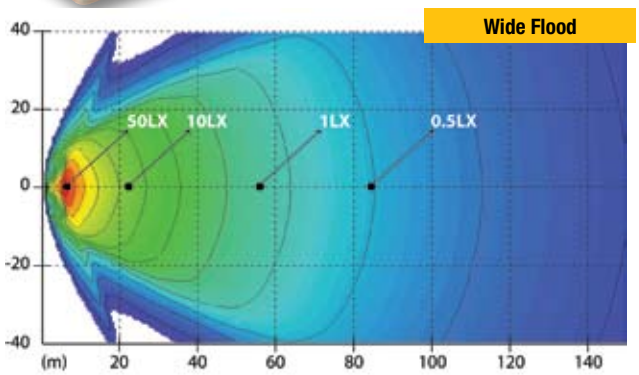
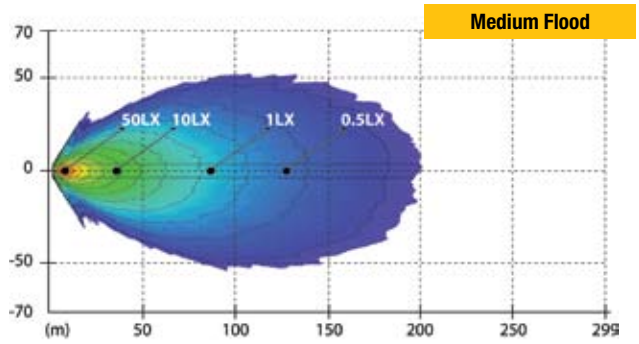
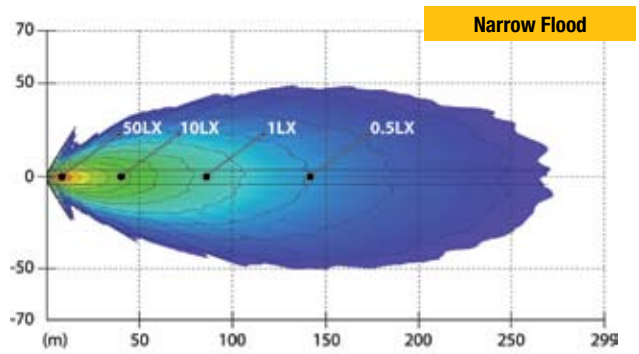
A523 Series LED Scene Light Side Mount

Dimensions:
W 8.70in (221.00 mm)
H 7.01 in (178 mm)
D 2.48in (63.00 mm)







When maximum light with the widest beam pattern is required, rely on the A523 Series Scene Light Side Mount. This light is perfect for night time area lighting applications including mining, marine, construction, port, emergency vehicle and perimeter lighting. Vibration that contributes to bulb failures is not an issue with these LEDs. Poor quality heat management and optics are LED service life and efficiency killers. JW Speaker pride themselves on designing, testing and producing USA manufactured LED fixtures that guarantee you reliable service and maximum efficiency in getting the light where you need it, on the ground.

PRODUCT FEATURES

12V | 24V | 120V | 240V

8A @12V

92W

8,100Lu Raw

4,000Lu Effective

IP67

4 YEAR WARRANTY

VEHICLE APPLICATIONS

- **Mining • Construction • Marine • Agriculture**
- **Firefighting • Law Enforcement • Rescue**

SPECIFICATIONS

Lens: Polycarbonate w/Optics, glass outer lens
Housing: Die-Cast Aluminium
Connector: Integrated 2-Pin Deutsch Weather-Proof Socket (DT04-2P)
Mounting: Universal Mount; Includes (x1) ½" Mounting Bolt
Wiring: 2-Pin Deutsch Plug (DT06-2S)

A523 Series 12 or 24 Volt Scene Light Side Mount

Parts	Description
