- Standard with Clear Outer Lens / Colored LED
- 7611 (90FPM) 7612 (120FPM)

Options: Add –VK, Magnet Mount -VM, Vacuum Magnet Mount

Unrivalled Flash Intensity and Endurance

The new 7600 Series RotoLED™ beacon combines all the major benefits of the latest LEDs with the identifiable warning signal of a rotator. LED hybrid technology provides a high intensity rotating warning signal with no gears, brushes or bulbs to wear out.Brushless magnetic drive system is used to spin the reflector disk, reducing noise and eliminating the typical motor/gear drawbacks associated with conventional rotators. Rotating Beacons provide better location visibility in fog/poor visibility conditions.

PRODUCT FEATURES

- Dimensions: base dia 6.4" H 6.2" [161 x 157mm]
- Shipping weight: 2.3 lbs / 1.1 kg
- Heavy duty die cast aluminum base; standard mount: 3 bolt flange/1" pipe
- 12-24VDC: Spike protected: up to +150VDC; polarity protected
- No EMI / radio interference
- 5 Year manufacturer warranty

VEHICLE APPLICATIONS

· Industrial · Construction · Utility · Heavy Equipment · Agriculture · Port Facility·Material Handling

Preco 7660 Series LED Rotating Beacon - Class I	
Parts	Description
7660*	7660 Series LED Beacon 120FPM 12-24V
