OUR STORY

True North® is a family owned and operated company founded in 1992 by Alyx Fier. True North® has grown from a one-man operation to an ISO 9001:2008 registered company whose products are distributed worldwide. In addition to backpacks and bags for firefighters and SAR under the True North® label, our products include a broad range of fire resistant clothing under the DragonWear™ label. Though we've grown, our headquarters are still in Seattle, Washington just up the street from the garage where we started.

From the beginning True North's philosophy has been to provide innovative products at competitive prices, then back them up with a lifetime warranty and great customer service. It's not rocket science, just treating people the way we want to be treated.

The praise and the criticism we've received over the past two decades, has helped make us who we are today. If you've ever felt there was some way to improve our products or service – even if it's only a little bit – we'd sure appreciate you taking a moment to share your thoughts.

Sincerely,
Steve Misiano
President

YOUR PROTECTION

HRC1

Single base layer of FR protection. Required minimum Arc Rating 4 cal/cm². HRC (Hazard Risk Category) is used to determine the necessary arc rating of a garment worn during a given job task.

HRC2

One or more layers of FR protection. Required minimum Arc Rating 8 cal/cm². HRC (Hazard Risk Category) is used to determine the necessary arc rating of a garment worn during a given job task.

ANSI 107

American National Standards Institute industry standard that specifies requirements for high-visibility safety apparel and headwear that is capable of visually signaling the user's presence. Dragonwear® meets Class 2 and 3, Level 2.

CSA Z96

Canadian Standards Association requirements for high-visibility safety clothing for Canadian workers. Dragonwear® meets Standard z96-09, Class 2.

OUR PROMISE

All True North® products are covered by a lifetime warranty against defects in materials and workmanship. We will repair or replace any gear with a manufacturing defect for the practical lifetime of the product, free of charge. Damage due to wear and tear may be repaired at a reasonable charge.

Hydro-Speed Reservoir

The new reservoir allows for easier cleaning. The new Slide Seal feature opens the entire top end of the reservoir allowing quick and easy filling, turning the reservoir completely inside out makes it one of the easiest to clean and maintain. The reservoir features a baffle system to maintain a flatter shape, conforming to the shape of your back and reducing water sloshing. It also features a self-sealing Plug-n-Play connector for the drinking hose for quick and easy detachment. The reservoir is FDA Approved, PVC and BPA Free.

- 1 Shape-shift reservoir for easy cleaning
- 2 Slide Seal for a complete no leak seal
- 3 Self-sealing Plug-n-Play drink hose connector
- 4 36" kink free Hydrflex tubing
- 5 Surge bite valve and tube cover included
