

Preco 7300 Series

Compact LED Strobe 12-80v

Description

The Preco 7314 LED beacon is a low intensity light suited to industrial and material handling type applications. Featuring a Pulse8 flash pattern of 8 short pulses repeated 75 times per minute, the 7314 operates on 12-80VDC systems. The base flange also has slotted bolt holes to match a range of popular mounting footprints.

Features and Benefits

- Slotted mounting flange
- Low amp draw
- Long, maintenance free service life
- Encapsulated circuit board
- SAE Class 3, CE, e,

Applications

Light Industrial Vehicles, Material Handling Vehicles, Forklift

Tech Specs

Model	7314X, 7314X-MG
Voltage	12-80V DC
FPM	75 Pulse8
Mounting	3 Bolt Flange Magnet
Height	3.8"
Diameter	5.6"
Warranty	3 Yrs

Part No.	Description
7314R	Preco 7300 Series LED Strobe 66fpm (8x) 12-80V – Red
7314G	Preco 7300 Series LED Strobe 66fpm (8x) 12-80V – Green
7314C	Preco 7300 Series LED Strobe 66fpm (8x) 12-80V – Clear
7314B	Preco 7300 Series LED Strobe 66fpm (8x) 12-80V – Blue
7314A	Preco 7300 Series LED Strobe 66fpm (8x) 12-80V – Amber

Accessories	Description
MK3318	Magnetic Mount
