

Preco 7512 Series

Beacon SAE Class II LED

Description

The 7512 Series beacon combines all the major benefits of the latest LED technology with a traditional style housing and a price comparable to a strobe. The 7512 features 12-48V DC operation and an attention getting Pulse8 flash pattern that is suited to a wide variety of on or off road applications. The long, maintenance-free service life of LEDs, backed by a 2-year warranty, make this a perfect replacement solution for existing strobe beacons.

Features and Benefits

- LED direct fit replacement for 4200 Series Strobe
- Basic multi-purpose LED
- On/off road suitable
- Pulse8 (8 flash per cycle) flash pattern

Tech Specs
