

PHOENIX CONVEYO – LED CONVEYOR BELT LIGHT

Produces 5400 Lumens From 48W

Description

Conveyo is an LED-powered conveyor belt light by Phoenix Lights that produces 5400 lumens from 48W. It is economical yet durable in design, and the LED technology used in this fixture increases efficiency, eliminates maintenance and supports green initiatives. Primary applications can include: conveyor belts, narrow pathways and wall or pole mount lighting.

Features and Benefits

- 5400 lumens from only 48W
- LED technology
- UV and impact-resistant lens
- 316 Stainless steel hardware
- Overload, over-voltage, over-temperature and short-circuit protection
- Suits conveyor belts, pathways, wall/pole lighting, etc
- Comes in CE and AM (Amber LEDs)

Applications

Conveyor belts, narrow pathways and wall or pole mount lighting.

Tech Specs

Light Source	Cree XP-L light emitting diodes (LED)
eLumens	5400 Lu
Wattage	48W
Voltage	120-277V, 50-60Hz
Power Source	Fully potted, Replaceable, Overload, over-voltage, over-temperature and short-circuit protection
Power factor	>.9 at 120V
Wiring	Wire leads - standard Stranded wires
Operation Freq.	2400-2483.5MHz
Operating Temperature	-40°C to +50°C • UL 1598 Suitable for Wet Locations • UL 844 Hazardous Location (pending) Class I, Division 2 Groups A, B, C, D CE
Rating	
IP Rating	IP65 rated (standard fixture) IP63 rated (using Photocell Receptacle Kit)
Construction	Cast aluminum housing
Finish	Gray polyester powder coat
Hardware	316 Stainless steel
Lens	UV- and impact-resistant PMMA Type II optic
Mounting	Pole mount capable (fits on a 1.25 inch trade size pipe). Wall mount capable
Dimensions (DxWxH)	17.4x4.38x3.25" (442x111x83mm)
Weight	4.0 lb (1.8 kg)
Warranty	3 year

Part No.	Description
CVO-48LED-CE	Conveyo – LED Conveyor Belt Light CE (CE listed fixture)
CVO-48LED-AM	Conveyo – LED Conveyor Belt Light AM (Amber LEDs)
