

SUPERNOVA 2 1/2"

LED Clearance Marker Lamp

Description

Available in 12V or 24V
Current: 12V @ 0.6A or 24V @ 0.3A

Features and Benefits

- Hermetic lens-to-housing seal
- Encapsulant potting for total circuit-board protection
- Uses the same UBS double-seal pigtail as the incandescent version for a quick Plug-and-Go® retrofit
- Tin-plated, solid-brass terminals are sealed to housing, to resist corrosion and eliminate failure-causing leak paths

Tech Specs

Material	Polycarbonate
