

Speaker 8415 Evolution

4.5" Round LED Headlights

Description

The Speaker 8415 has been updated to an Evolution Series solution, delivering even better performance with a new, lightweight yet durable platform. Designed for OEMs and aftermarket customers alike, these powerful round LED headlights include a custom version that meets UL standards for industrial use.

Features and Benefits

- High performance optics with increased high beam intensity
- New high-impact, corrosion-resistant Xenoy housing
- Custom version with polycarbonate housing designed for industrial applications needing UL requirements
- Improved thermal management using thermoplastic technology found in the Speaker XD work light series
- Adjustable or fixed mounting options

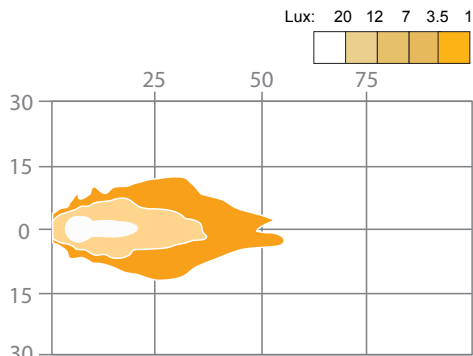

Applications

On-road and off-road vehicles
