

Speaker 8700 Evolution 2 Series

7" round LED headlights

Description

The 8700 Evolution 2 by JW Speaker is a high performance LED headlight, designed to be a direct replacement for 7" headlights. It offers superior visibility, safety, and durability – making it the most advanced 7" LED headlight available. It features enhanced beam patterns for superior performance, and the innovative new ComfortLite™ high beam delivers additional illumination above the horizon as well as a more powerful punch down the road.

Features and Benefits

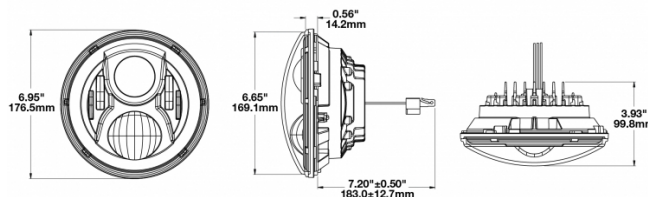

- Premium performance high-output LEDs
- Surpasses DOT & Transport Canada requirements
- Easy plug and play installation
- Superior energy efficiency

Applications

Automotive, motorcycle, off-road 4x4, specialty vehicles, truck & bus, construction, mining
