

Speaker 4415

Round 3.5" LED Work Light

Description

The 4415 by JW Speaker is a compact, powerhouse LED work light! Designed with a lower profile, lighter weight and triple output for a convenient, bright-white work light. This 3.5" round LED light is suitable for a wide range of driving applications including trucks, specialty vehicles and off-road 4WDs.

Features and Benefits

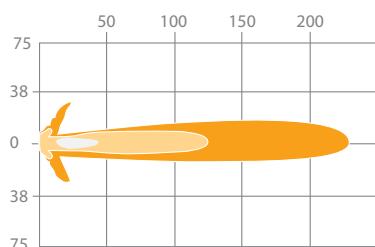

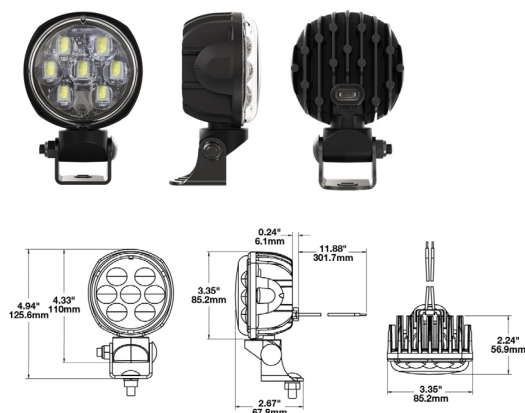

- Low profile allows for mounting in spaces where other lights won't fit
- Die-cast aluminum housing & impact-resistant polycarbonate lens provide rugged durability
- Pedestal mount provides easy install
- Available in Trapezoid & Spot beam patterns
- Trapezoid beam pattern provides a generous amount of light

Applications

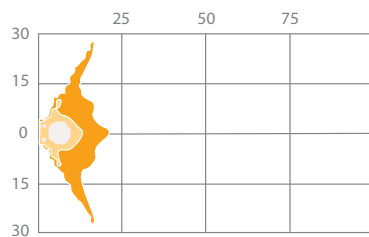

Agriculture, construction, material handling, mining, 4WDs, power sports, railroad, specialty trucks, trucks and buses
