

Vision X Light Cannon 25W LED

Shinning with Unprecedented Distance and Versatility

Description

The first-ever 4.5" Light Cannon 25W LED by Vision X Lighting, takes automotive lighting technology to extraordinary lengths by shining over 1000 feet of usable light from a single 25 watt LED. The intense 10 degree spot pattern Light Cannon is also like having 12 lights in 1! It enables optional Snap on polycarbonate cover filters to quickly change the beam pattern from Spot to Euro or Flood, while the colored filters (Clear, Blue, Amber, or Red) can improve visibility in various conditions. The universal single bolt mounting accompanied by an available wiring harness, provides a quick, traditional installation on a multitude of applications.
