

AE310 Outdoor Siren

Description

The AE310 is a robust all-weather outdoor siren for operational warning or auxiliary alarming for hoist machinery, construction and port machinery. This fixture can also be applied for mine facilities, chemical industries, and marine or vessels, etc.

Features

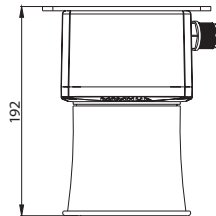

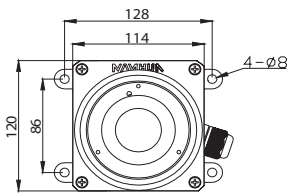

- Powerful 104 - 116dB
- Light-weight high-impact aluminium body, excellent corrosion resistance
- Waterproof and dustproof performance, meeting IP65 ingress protection
- Wall-mounted or plane-mounted options to meet various installation requirements
- Industrial grade digital and audio chip to guarantee the high stability and EMI
- 5 tone or 16 tone modes

Applications

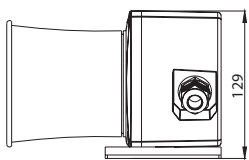

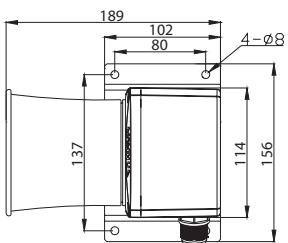

Construction, hoist and port machinery, chemical industries, mine sites
