

5585 Series SAE Class I LED Minibar

A Compact Yet Powerful Warning Solution

Description

ECCO LED minibars provide a compact yet powerful warning solution that offers the flexibility of either permanent or vacuum-magnet mounting. Featuring 12-24 VDC operation, ECCO uses high intensity LED and reflective technology to maximize light output. Users can select from 18 flash patterns, either via trigger wire on the permanent mount models or a cigarette plug switch on magnetic models. Permanent mount models can also be synchronized to operate multiple lights alternately or simultaneously.
