

Vision X 2-Foot Linear LED Light

With Philips Bodine Backup Battery

Description

Designed to outshine and outlast the competition, the Linear Luminaire fixture features advanced electronic technology like Pulse Width Modulation, Electronic Thermal Management, and a Redundant Circuit Design that allow the fixture to function even if half of the light should fail for unknown reasons. The light also comes with a battery-backed emergency power supply that operates LED lighting when normal power is lost. The BSL310SB senses the power failure and immediately begins driving the LED load in emergency mode at reduced lumen output for a minimum 90 minutes, in accordance with emergency lighting codes (e.g., NFPA® Life Safety Code®).

Features and Benefits

- 7800 lumens
- 5000K CCT
- 60-Watt
- Built-in Philips Bodine battery back up system
- 180° Ultra-wide flood beam pattern
- Dimensions: 23.62" x 3.54"
- Die-Cast 6061 aluminum
- Polycarbonate lens
- IP65 Rated wet location fixture, IP66
- 5 Year Warranty
