

ECCO EB7260 Series

SAE Class I LED Beacon

Description

ECCO's EB7260 Series LED Beacon produces a warning signal that is ideal for industrial applications. The long, maintenance-free service life of LED technology, backed by a 3-year warranty, makes this a perfect replacement solution for existing strobe beacons. This cost-effective, SAE Class II light features 12-24V operating range that also makes it ideal for use on electrically powered vehicles and equipment.

The long, maintenance-free service life of LED technology, backed by a 3-year warranty, makes this a perfect replacement solution for existing strobe beacons. The EB7260 Series features a compact design and multiple flash patterns, dual-color options, is available in 3-bolt or pole mount, and can sync with other ECCO directionals and the 5550 Reflex minibar.

Features and Benefits

- Economical-style beacon with several flash pattern options
- Removable flange assembly for easy pipe-mount configuration
- Reinforced polycarbonate flange and lens
