## Intrinsically Safe Rechargeable LED Scene Light w/Magnetic Base

### Description

The XPR-5590RX Intrinsically Safe Rechargeable LED Area Light with Magnetic Base is perfect when safety and portability are most important. cETLus certified Intrinsically Safe for use in hazardous environments, the array of 36 floodlight LEDs perfectly emit a full 1,100 lumens on high for 4 hours, or 500 lumens on low for 8 hours when activated using its robust three-position toggle switch. The housing is constructed from lightweight 6061-T6 aluminum and the multi-fin heat sink design keeps the fixture cool to the touch. The light can be swiveled independently allowing the user to position the fixture exactly wherever light is needed and the heavy-duty magnetic base allows the light to be attached to most metal surfaces for hands-free operation. The area light includes an adjustable handle, AC and DC power supplies, and a blow-molded carrying case.

### Features and Benefits

- LED technology
- Rechargeable Li-ion battery
- Multi-angle tilt and swivel fixture design
- High/Low brightness modes
- Includes AC and DC power supplies
- Constructed from lightweight 6061-T6 aluminum
- Powerful magnetic base for hands-free operation
- Multi-fin heat sink keeps light cool to the touch
- Adjustable comfort-grip handle
- Single sealed push button switch
- Tempered glass lens
- Powder coated for long wear
- Impact and chemical resistant design

### Tech Specs

Lumens	1100 Lu
Certifications	CE, BC, cETLus, NFPA 1971-8.6 (2013)
IP Rating	IP67 (Waterproof)
Drop Rating	2 Meters
Battery	Integrated rechargeable li-ion battery
Mount	Magnetic
Warranty	1 Year Limited Warranty
