

Vision X Paver / Construction Lamp Kit

Precisely positioned for any scenario

Description

With a 5' to 9' adjustable mounting pole and flexible ball joints, the Paver Light can be precisely positioned for any scenario. It uses two CSWD96 LED Fixtures from Vision X that are fully adjustable to meet any angle you are looking for. The high-efficiency CUBE LEDs output 117 lumens per watt and use minimal amounts of amperage. This kit is ideal for the Paver Market and Construction Industries.

Features and Benefits

- Dual Ball Joints Allow Fixture to be Folded Down for Compact Storage
- Utilizes two CSWS96 LED Fixtures with 180° Beam Pattern
- High-Efficiency CUBE LEDs Output 117 lumens Per Watts
- 5-9 Foot Adjustable Mounting Pole

Complete Folding System For Storage

The Paver Light from Vision X can be folded down into a compact unit for easy storage thanks to the dual ball joints.

Kit Includes:

- 2 x CSWD96
- 1 x XPC-PS185-48 (AC only) 2 x Flexible Mounts
- 1 x Mounting Bracket
- 1 x Storage Case with Wheels 5'-9' Adjustable Mounting Pole

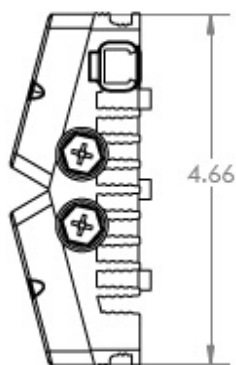

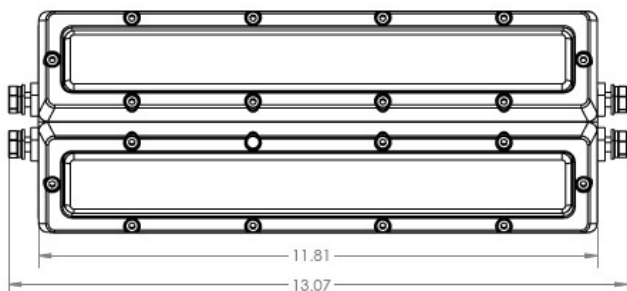

Applications

Paver market or construction industries

Tech Specs

LED	Cube MP1919
Beam Pattern	180° Beam Pattern
rLumens	21,696 lm
eLumens	14,180 lm
Wattage	192W
Amp Draw	1.74A @ 110V AC 16.0A@ 12V DC
Color Temperature	5,000K
Operating Voltage	110-277V AC 9-32V DC
Operating Temperature	-40 C ~ 80 C
Lifespan	50,000 hrs
Polarity	Reverse Polarity Protection
Connector	AC 12' Cord with 110V Power Plug DC 12' Cord with Deutsch 2 Pin & Pigtail
Housing	Die-Cast 6061 Aluminum
Finish	Clear
Lens	Polycarbonate
EMC Emission	(CISPR 25) Edition 3.0 (2008-03) Class 3
Ingress Protection	IP68 / 69K
Vibration Rating	15.6 Grms
Mounting	Adjustable Pole Mount
Weight	28.03 lbs (12.71kg)
Warranty	3 Years
