Colors available with built in HINVII Technology.

Description

Illuminates High Visibility Clothing and Materials

The ED3800 Viz™ Series LED warning light features groundbreaking HINVII™ technology that significantly enhances jobsite safety by actively illuminating high visibility gear such as vests, cones and signage, improving worker visibility in high traffic areas, low light conditions and fog. Designed for utility, construction and commercial service vehicles, this ultra low profile directional light offers easy mounting and delivers superior performance with synchronized flash patterns, wide angle optics and independent color control, setting a new standard in vehicle safety lighting. Patented technology.

Features and Benefits

- 12-24V DC
- Highly effective with high visibility materials: safety vest, traffic cones and signage
- Significantly enhances worker safety and job site visibility
- 69 Flash patterns
- Ultra low-profile surface mount
- Synchronizable
- Die-cast base with polycarbonate lens
- Temperature Range: -40°F to +149°F (-40°C to +65°C)

Applications

Emergency vehicles, utility, construction, commercial service vehicles, etc.

Tech Specs

Colors	Amber / White / Blue / Gree / HINVII
Voltage	12-24V DC
Amps	0.85A
Temperature Range	-40°F to +149°F (-40°C to +65°C)
Flash Pattern	69
Mount	2 Bolt
Approval	SAE Class I, California Title 13, CE, UKCA, R10, IP67, IP69K, RoHS, REACH
Warranty	5 Years

Part No.	Description
ED3802AH	ECCO ED3800 VIZ™, Dual-color, A H
ED3802XXH	ECCO ED3800 VIZ™, Tri-color, A G H A B H A W H

Replace "X" in part number with desired color: A = Amber, B = Blue, G = Green, W = White
