

Grote 6" Oval LED Sequential Arrow Side-Turn Lights

Help Surrounding Traffic Easily Identify Turns with This Eye-Catching Side-Turn/Marker Light

Description

The 6" Oval LED Sequential Arrow Side-Turn Lights help surrounding traffic easily identify turns with a flashing arrow light pattern.

Features and Benefits

- Sequential flashing arrow pattern highlights turns, drawing attention away from distractions
- Auxiliary light for mid-turn and/or wide-turn indications
- Meets legal requirements when mounted at 60 degrees
- Industry standard design fits existing mounting grommets, brackets, and flanges
- LED technology requires less maintenance and delivers long lamp life

Applications

Trailer trucks, work trucks, tow trucks, utility fleets, commercial service vehicles, emergency vehicles, construction, mining, agriculture, industrial equipment, and buses

Arrows light up rapidly in sequence
