

# ECCO EW2015R

## LED Pedestrian Boundary Line

### Description

ECCO's EW2015R LED Pedestrian Boundary Line is designed specifically for material handling applications to provide a visual warning for pedestrians in the vicinity of mobile equipment. This light is intended to supplement a 360° warning light by projecting a red boundary line onto the ground on each side of the vehicle. This additional safety feature is especially useful where blind corners are present (i.e. warehouse racking) and is likely to be seen by pedestrians who are not looking up or paying close attention to their surroundings. Featuring 12-80 VDC operation, an aluminum housing, and polycarbonate lens, the EW2015R is extremely resistant to impact and vibration damage.

### Features and Benefits

- Three 3-watt LEDs
- Red boundary line projection
- Pedestrian warning for material handling applications
- Aluminum heatsink housing
- Polycarbonate lens

### Applications

Forklifts, machinery, etc.

### Tech Specs

LED Colour	Red
Voltage	12-80V DC
Amps	1.1A
IP Rating	IP67
Approval	R10, RCM, UL, RoHS
Warranty	5 years

Part No.	Description
EW2015R	ECCO EW2015R LED Pedestrian Boundary Line: Red, 12-80V DC, 1.1A
